**II. Affordable Housing Projects**

A. Definitions

1. "Housing," for purposes of this Proclamation, shall include:
  - a. Conversion of existing residential units to affordable or subsidized units;
  - b. Development, redevelopment, or adaptive reuse that results in new residential units offered for sale as owner-occupied units;
  - c. Development, redevelopment, or adaptive reuse that results in new residential units offered for rental to Hawai'i residents for which the unit will be the renter's principal residence;
  - d. Renovations, rehabilitation, or repair of existing affordable or subsidized units;
  - e. Renovations, rehabilitation, or repair of existing units that will be offered for sale as owner-occupied units;

f. Renovations, rehabilitation, or repair of existing units that will be offered for rental to Hawai'i residents for which the unit will be the renter's principal residence; or

g. Infrastructure that will primarily provide services to housing.

2. "Owner-occupied" means a residential unit that, simultaneous to such ownership, serves as the owner's principal residence for a period of not less than five years; provided that the individual shall retain complete possessory control of the premises of the residential unit during this period unless the possessory control is broken as a result of (1) serious illness of any of the owner-occupants; (2) unforeseeable job or military transfer; (3) unforeseeable change in marital status, or change in parental status; or (4) any other unforeseeable occurrence. An individual shall not be deemed to have complete possessory control of the premises if the individual rents, leases, or assigns the premises for any period of time to any other person in whose name legal title is not held; except that an owner shall be deemed to have complete possessory control even when the owner conveys or transfers the unit into a trust for estate planning purposes and continues in the use of the premises as the owner's principal residence during this period.

3. "Principal residence" is used as defined by the State of Hawai'i Department of Taxation.

4. "Affordable housing" is housing that is:

a. Offered to applicants who earn 0% to 140% of the AMI; or

b. Department of Hawaiian Home Lands projects as approved by the Hawaiian Homes Commission.

Affordable housing projects may include mixed-use/mixed income projects that are primarily affordable.

5. "State affordable housing project" is an affordable housing project in which (1) the land is owned by the state and (2) the housing units are owned or have the potential to be owned by right of first refusal by one of the following state housing agencies: Hawaii Public Housing Authority, Hawaii Housing Finance and Development Corporation, Department of Hawaiian Home Lands (or its beneficiaries as owners), or Hawaii Community Development Authority.

B. State affordable housing projects may proceed under this Proclamation.

State or county agencies with responsibility for the administration, regulation, production, or infrastructure to support housing may proceed under this Proclamation for purposes of recruitment of personnel and procurement.

All other affordable housing projects may apply for consideration to proceed under this Proclamation through certification by the Build Beyond Barriers Working Group.

C. Build Beyond Barriers Working Group

The Build Beyond Barriers Working Group (BBB) is established to facilitate the review and development of affordable housing projects through a coordinated stakeholder effort and engage entities with key roles in project permitting and site development to increase transparency, coordination, collaboration, and urgency to timely facilitate, coordinate, and align project development and reviews to help prevent further delay of critical projects. The BBB will not be a policy making body and will not pursue statutory or administrative rule changes.

The BBB will have three main functions:

1. Inventory, track, and coordinate the progress of projects certified by, and project applications to, the State and counties under HRS chapter 201H, non-201H projects with affordable housing units via inclusionary zoning, county affordable housing projects, infrastructure projects related to housing development, brownfield sites that are developed primarily to provide housing, and transit-oriented development sites; and
2. Review and certify affordable housing projects under this proclamation; and
3. Review and track all other housing projects to assess the workload of housing regulatory agencies.

Affordable housing projects may be certified based on applications submitted to the BBB subject to the attached emergency rules.

The BBB certified projects may be used for the construction of infrastructure projects such as roads, wells, sewer, and other utility installations that will serve housing projects. Certified projects may also include brownfield sites that are developed primarily to provide housing. These projects may service or contain elements other than housing.

Any housing project certified under this Proclamation will be required to pay all mechanics and laborers employed on the project minimum prevailing wages for the corresponding work classifications as determined by the Director of the Department of Labor and Industrial Relations pursuant to Chapter 104, HRS, subject to the project labor agreement in place, for the duration of the project until it is completed.

D. Determination of Project Eligibility for Certification

The housing projects will be selected based on a combination of factors including, but not limited to, location, total number of units, median income levels for all

affordable units, projected construction commencement date, status of entitlements, and financing status.

E. Certification Requirements

The BBB may certify a project upon finding that:

1. The developer has the necessary skill and experience to develop and manage a project of the intended size and scope;
2. The developer has the necessary resources, including financial resources, to construct and operate the project; and
3. The project or the phase thereof is likely to result in the commencement of construction of additional new residential units within 36 months from the issuance of the resolution.

Certification shall be in the form of a resolution issued to the applicant with copies to the appropriate state and county agencies as provided in the project application.

**III. Path Forward**

Pursuant to sections 127A-12(b)(1) and (4), HRS, I call on the state and county agencies to cooperate and to forge paths forward to address the affordable housing crisis. The State and the counties should be engaging in discussions regarding mutual aid agreements and what assistance can be provided to speed up the processes that impede the creation of housing across the state.

Pursuant to sections 127A-12(b)(4), (9), (11), (16), and (19), HRS, I direct all state agencies to make the review, planning, approval, and processing of permits related to housing a priority.

**IV. Suspension of Laws**

Section 127A-13(a)(3), HRS, **Additional Powers in an Emergency Period**, to the extent necessary to expedite the construction, repair, renovation, and occupancy of affordable housing and infrastructure projects intended to provide emergency relief under this Proclamation, I hereby suspend the following statutes and regulations:

Section 26-35(a)(4), HRS, **Administrative supervision of boards and commissions**.

Section 37-41, HRS, **Appropriations to Revert to State Treasury; Exceptions**.

Section 37-74(d), HRS, **Program Execution**, except for sections 37-74(d)(2) and 37-74(d)(3), and any such transfers or changes considered to be authorized transfers or changes for purposes of section 34-74(d)(1) for legislative reporting requirements.

Section 40-66, HRS, **Appropriations Lapse**.

Chapter 46, HRS, **County Organization and Administration**, to the extent necessary to allow for the construction, repair, renovation, and occupancy of housing and infrastructure projects certified under this Proclamation which suspension shall not include the minimum requirements and standards necessary for health and safety, including applicable floodplain management powers and duties necessary for National Flood Insurance Program participation, for projects certified under this Proclamation. Notwithstanding this Proclamation, counties may establish their own process or rules for ensuring that a certified project meets building safety standards.

Chapter 76, HRS, **Civil Service Law**, to the extent necessary to allow for qualified personnel or contractors to be hired that would be directly involved in the construction, development, or redevelopment of housing, the filling of public housing vacancies, the processing of housing vouchers, or the processing of development related permits, licenses, or approvals, pursuant to the attached emergency rules.

Chapter 89, HRS, **Collective Bargaining in Public Employment**, to the extent necessary to allow for personnel or contractors to be hired that would be directly involved in the construction, development, or redevelopment of housing, the filling of public housing vacancies, the processing of housing vouchers, or the processing of development related permits, licenses, or approvals.

Chapter 89C, HRS, **Public Officers and Employees Excluded from Collective Bargaining**, to the extent necessary to allow for personnel or contractors to be hired that would be directly involved in the construction, development, or redevelopment of housing, the filling of public housing vacancies, the processing of housing vouchers, or the processing of development related permits, licenses, or approvals.

Section 103-2, HRS, **General Fund**.

Chapter 103D, HRS, **Hawaii Public Procurement Code**, to the extent that the department or agency has determined that it is not practicable or advantageous to procure the services required via traditional procurement methods and the procurement promotes the construction, development, redevelopment, repair, renovation, and occupancy of housing. The suspension is for the solicitation process only and is subject to the attached emergency rules.

Section 104-2(i)(3), HRS, **Applicability; wages, hours, and other requirements**.

Section 107-24(c), HRS, **Authority and duties of the council**, to the extent necessary to suspend the ability of the State Building Code Council to amend or update the Hawai'i state building codes to allow for consistency and stability in the construction of housing. Counties may still update county building codes as authorized by law.

Section 127A-30, HRS, **Rental or sale of essential commodities during a state of emergency; prohibition against price increases**, because the automatic, statewide invocation of this provision is not needed for this emergency. The invocation

and suspension of section 127A-30, HRS, contained in my January 5, 2024, Ninth Proclamation Relating to Wildfires is not affected by this Proclamation.

Section 201H-36(a)(5)(A), HRS, **Exemption from general excise taxes.**

Section 201H-38(a)(3), HRS, **Housing development; Exemption from statutes, ordinances, charter provisions, and rules**, that require approval of the legislative body of the county in which the housing project is situated. This exemption shall be applicable to only State affordable housing projects that have already received approval of the Hawaii Housing Finance and Development Corporation.

Section 206E-5.6, HRS, **Hawaii Community Development Authority**, and section 15-217-80, Hawaii Administrative Rules (“HAR”), to the extent necessary to allow for the timely development of additional residential units.

Sections 601-1.5, 708-817, 708-818, 708-820(1)(c), 708-830.5(1)(d), 708-840(1)(c) and (d), HRS, to the extent these sections contain provisions for the suspension, tolling, extension, or granting of relief from deadlines, time schedules, or filing requirements in civil, criminal, or administrative matters before the courts of the state or to the extent that these sections contain provisions for criminal penalties that are automatically heightened by reasons of any declared disaster or emergency.

Pursuant to section 127A-25, HRS, I hereby adopt the Rules Implementing the Fourth Proclamation Relating to Affordable Housing attached hereto. These rules shall have the force and effect of law.

#### **V. State Cooperation**

Pursuant to section 127A-12(b), HRS, I hereby direct all state agencies and officers to cooperate with and extend services, materials, and facilities as may be required to assist in all efforts to address the objectives of this Proclamation.

#### **VI. Severability**

If any provision of this Proclamation is rendered or declared illegal for any reason, or shall be invalid or unenforceable, such provision shall be modified or deleted, and the remainder of this Proclamation and the application of such provision to other persons or circumstances shall not be affected thereby but shall be enforced to the greatest extent permitted by applicable law.

#### **VII. Enforcement**

No provision of this Proclamation, or any rule or regulation hereunder, shall be construed as authorizing any private right of action to enforce any requirement of this Proclamation, or of any rule or regulation. Unless the Governor, Director of Emergency Management, or their designee issues an express order to a non-judicial public officer, no provision of this Proclamation, or any rule or regulation hereunder, shall be construed as imposing any ministerial duty upon any non-judicial public officer and shall

not bind the officer to any specific course of action or planning in response to the emergency or interfere with the officer's authority to utilize his or her discretion.

**I FURTHER DECLARE** that this Proclamation is not intended to create, and does not create, any rights or benefits, whether substantive or procedural, or enforceable at law or in equity, against the State of Hawai'i, the counties of this State, or any State or County agencies, departments, entities, officers, employees, or any other person.

**I FURTHER DECLARE** that the disaster emergency relief period shall commence immediately and continue through February 23, 2024, unless terminated or superseded by separate proclamation, whichever shall occur first.
